

GRADE 3 ELA

English Language Arts/Literacy Assessment Report, 2015–2016

This report shows whether xxx met grade-level expectations and is on track for the next grade level. **This assessment is just one measure of how well your child is performing academically.**

To learn more about the test and to view sample questions and practice tests, visit UnderstandTheScore.org.

How Can You Use This Report?

Ask your child's teachers:

- What do you see as my child's academic strengths and areas for improvement?
- How will you use these test results to help my child make progress this school year?

See side 2 of this report for specific information on your child's performance in reading and writing.

How Did xxx Perform Overall?

Performance Level 3

- Level 5** Exceeded Expectations
- Level 4** Met Expectations
- Level 3** Approached Expectations
- Level 2** Partially Met Expectations
- Level 1** Did Not Yet Meet Expectations

How Students in New Mexico Performed

The probable range in the student's overall score on this test is plus or minus 7.3 points. This is the amount of change that would be expected in your child's score if he/she were to take the test many times. Small differences in scores should not be overinterpreted.

How Did Your Child Perform in Reading and Writing?

READING

↑ LITERARY TEXT

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by showing they can read and analyze fiction, drama, and poetry.

↔ INFORMATIONAL TEXT

Your child performed about the same as students who **approached expectations**. Students meet expectations by showing they can read and analyze nonfiction, history, science, and the arts.

↓ VOCABULARY

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by showing they can use context to determine what words and phrases mean.

WRITING

↔ WRITING EXPRESSION

Your child performed about the same as students who **approached expectations**. Students meet expectations by showing they can compose well-developed writing, using details from what they have read.

↑ KNOWLEDGE AND USE OF LANGUAGE CONVENTIONS

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by showing they can compose writing using rules of standard English.

LEGEND

Your child performed about the same as students who:

What is PARCC? PARCC is the *Partnership for Assessment of Readiness for College and Career*. These tests measure how well students have learned the standards taught in New Mexico in ELA and math at each grade level. The standards require students to think critically, solve problems, and cite evidence. Students who fully learn these important skills should graduate from high school with the knowledge and skills needed for success in college and careers.

Administered online, PARCC includes interactive questions with real-world applications and require students to support and explain their answers. Students who meet or exceed expectations are on track for the next grade level or course.

How can my child's school use PARCC test results? PARCC scores give you and your child's teacher information about their academic performance. With the breakdown of your child's performance on specific skill sets, teachers can see where your child is excelling or needs improvement. You can use this report to talk with your child's teacher about how you can continue building your child's knowledge and skills.

For more information about supporting your child, statewide PARCC results, and sample test questions, visit NMPARCC.com or UnderstandTheScore.org.

GRADE 11 ELA

English Language Arts/Literacy Assessment Report, 2015–2016

This report shows whether xxxx met grade-level expectations and is on track to be college and career ready. **This assessment is just one measure of how well your child is performing academically.**

To learn more about the test and to view sample questions and practice tests, visit UnderstandTheScore.org.

How Can You Use This Report?

Ask your child's teachers:

- What do you see as my child's academic strengths and areas for improvement?
- How will you use these test results to help my child make progress this school year?

See side 2 of this report for specific information on your child's performance in reading and writing.

How Did xxxx Perform Overall?

Performance Level 4

- Level 5** Exceeded Expectations
- Level 4** Met Expectations
- Level 3** Approached Expectations
- Level 2** Partially Met Expectations
- Level 1** Did Not Yet Meet Expectations

The probable range in the student's overall score on this test is plus or minus 5.3 points. This is the amount of change that would be expected in your child's score if he/she were to take the test many times. Small differences in scores should not be overinterpreted.

How Did Your Child Perform in Areas of Mathematics?

MAJOR CONTENT

Your child performed about the same as students who **approached expectations**. Students meet expectations by solving problems involving volume of prisms, adding, subtracting, multiplying and dividing with multi-digit whole numbers, decimals, and fractions.

EXPRESSING MATHEMATICAL REASONING

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving problems involving writing and interpreting numerical expressions, converting measurements, graphing points, classifying geometric shapes, and representing data.

MODELING & APPLICATION

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.

How Did Your Child Perform in Areas of Mathematics?

MAJOR CONTENT

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving problems involving ratios, rates, percentages, an understanding of negative numbers, graphing points and simple linear functions, linear expressions, and linear equations.

EXPRESSING MATHEMATICAL REASONING

Your child performed about the same as students who **approached expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your child performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving problems involving area, volume, and statistics.

MODELING & APPLICATION

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.

How Students in New Mexico Performed

The probable range in the student’s overall score on this test is plus or minus 7.3 points. This is the amount of change that would be expected in your child’s score if he/she were to take the test many times. Small differences in scores should not be overinterpreted.

How Did Your Child Perform in Areas of Mathematics?

MAJOR CONTENT

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving problems involving rational exponents, writing and interpreting algebraic expressions, rational and radical equations, graphs of functions, creating linear, quadratic, and exponential functions, and making inferences and justifying conclusions from data.

EXPRESSING MATHEMATICAL REASONING

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your child performed about the same as students who **approached expectations**. Students meet expectations by solving problems involving the complex number system, rational expressions and functions, systems of equations, trigonometric functions, interpreting data, and probability.

MODELING & APPLICATION

Your child performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.
